

Parenting Foundations

Rebekah Wilson, LCSW
Wellspring Counseling

God has designed parents to have the biggest influence in their children's lives, but what does this actually look like?

How do we use our influence? What really helps children become mature, confident adults? How do I know if my expectations are right? These are some of the questions I commonly hear from parents.

Parenting Foundations is designed to equip parents with a way to think about parenting. This workshop will explore foundational principles and practical tools that provide a framework so parents can experience confidence as they parent in their own unique ways yet remain guided by biblical truth.
